

June 2017

A-level Fashion & Textiles

Summer Tasks:

1. Brainstorm some ideas and gather images for your yr12 project.

Your starting point for a brief might be:

- A quote, poem, novel, artwork, statement.
- Historical, trend based, a designer.
- Environmental, moral or political problem that needs awareness etc.

3. Experiment with **fashion illustration** techniques, perhaps try and copy the style of an illustrator you admire. Experiment with inks, pens, pencil etc. Aim to develop confidence in this area and find a style of working that suits you.

5. Create the following Pinterest boards of techniques you would like to use this year in textiles:

- Illustration ideas.
- Texture/manipulation ideas.
- Fashion inspiration.
- Sketchbook, presentation ideas.

Email me over the summer if you have any questions and best of luck for results day!
