

The Loopy Loop

REQUIREMENTS

- ✓ Create an application that uses a While Loop to continuously loop, unless the user chooses to exit that loop
- ✓ To do this you will need to use an IF statement nested inside a While Loop

```
Do you want to exit?  
1: Yes  
2: No  
  
2  
  
You are still looooping!  
  
Do you want to exit?  
1: Yes  
2: No  
  
1  
  
GoodBye  
  
C:\Temp>
```
